RECOMMENDATIONS FOR YOUR STAY IN THE COUNTRYSIDE

This Trails Network is included within the actions taken by the Antequera Town Hall to preserve the natural capital of the city as it is established in the Agenda 21 for the achievement of a sustainable development.

Do not throw any rubbish away or bury it. Please, take it with you until finding a rubbish bin. Also, it costs nothing to pick up the rubbish you might find in your way so we all contribute to improve our environment.

Respect and look after the fountains, rives and other watercourses. Please, do not dumping any kind of soap, detergent, polluting products or

Description: The trail goes from the Nacimiento de la Villa up to Cortijo de la Torre passing by the Puerto de Escaleruela mountain pass, within the boundaries of the El Torcal Natural Landscape, and it goes up to the Cortijo de los Navazos.

The flora and fauna are the real dwellers of nature so, please, do not pull up flowers, branches or disturb the fauna. In that way, all of us will enjoy watching them. Besides, remember that many of them are protected by Law.

Watch out for fire. Never build a fire. During the summer season it is forbidden to light a fire even in the places provided to do so. Please, take ready meals with you.

Do not camp at your whim. Respect the places provided to do that.

Respect the paths. Short cuts only damage the ground and build ravine beds which could make the original paths to fade away.
